REFERENCE

Web Designer
POSITION

8th April 2014

To Whom It May Concern,

I am writing to apply for the role of a Web Designer (Ref: 24508806) as advertised on Reed's website. As you can see from my attached CV, I have been at my current job with PyroDigital (previously Stylusnet) for the past six years and am now looking to build on my experience in a bigger company.

Your company appeals to me especially because it looks to be passionate about what it does and not hold back when it comes to design and the brand, which is why I would revel in the opportunity to help with its continued growth and online presence.

I am also fluent in speaking French as both my parents are French natives and if the opportunity ever presented itself, I would love to be able to combine that with my passion for web design.

I am confident that I possess the attributes you are looking for and that my experience to date would prove invaluable to your company. I would very much welcome the opportunity to meet you and to discuss my application further.

Please also feel free to have a look at my online portfolio: www.gauthierblanpain.co.uk.

Yours sincerely,

Gauthier Blanpain
